

# Is This The World We Created...?

Class 3HI sc., 2020-21 School Year  
Liceo "Luigi Galvani", Bologna (Italy)

# Microplastic

How many microplastics do you believe to eat per day? What are the foods that contain the most plastic particles?

# Renewable resources and metals utilization

Are renewable resources eco-friendly? Is it true that they don't have a negative impact?

# Technology and use of rare metals

Which metals are used in your mobile phone? Are they the result of child labour?

# Fashion and sustainability

Where does synthetic fibers come from? Can metals be used in clothing making?

# Oil extraction methods and techniques

Where does cars' fuel come from? Does it actually have a bad impact on the environment?

Could you answer these questions?

Go to the link of the theme you prefer and learn with fun!!!!
