

# Serious games on Raw Materials

Tommaso Simonazzi, Alessandro Brancaccio, Viola Guglietta and Caterina Toniato

## Introduction

- Europe is based on technology
- The problem is that the world is running out of the Raw Materials
- Most people aren't aware of this problem: how can we sensitize them? Maybe through a game!

## GUESS THE ELEMENT

Learn something about important critical resources playing an amazing new version of «Guess Who»!

## ArCHè

Bored of the same old «Bingo»? Try ArCHè, the modern game which teaches you what elements are used to create everyday devices!

## RAW MATERIALS' FIGHT

Challenge your friends with a fabulous game similar to «Yu-Gi-Oh!». Have fun playing with the characteristics of the elements!
